Alternatively, if you wish to arrange this prior to departure, it is also possible to apply for an electronic visa on arrival (EVOA) up to 14 days before you travel on the following website: <https://evisa.imigrasi.go.id/>

Your passport must have an expiry at least 6 months after the date you arrive and at least 2 blank pages. You will be denied entry if your passport does not meet these requirements.

This information is based on passengers holding a full British Citizen passport. If you hold any other passport, please contact us.

All guests travelling to Indonesia must complete a mandatory online e-immigration application within three days prior to their arrival. The form can be completed online at <https://allindonesia.imigrasi.go.id/>

INSURANCE:

It is a condition of booking with us that you take out suitable travel insurance. You must provide us with the name of your insurer, policy number and their 24-hour emergency contact number when you book with us or as soon as possible thereafter. These details will be available to your national escort should they be required. Wendy Wu Tours will not be liable for any costs incurred by you due to your failure to take out suitable travel insurance from the date of booking.

EATING IN SOUTHEAST ASIA:

Southeast Asia is home to an incredibly rich food history. The local cuisine is known for its intense flavours, spices, and some of the freshest ingredients you can find. In general, meals include either rice or noodles and are packed full of flavour. Lemongrass, ginger, lime leaves, coriander, fish sauce, and soy sauce are used in most local dishes. Whilst Southeast Asian food has a reputation for being hot and spicy, each region has its own distinct characteristics. Indonesia, for example, is known for its bold and diverse flavours, with influences from Indian, Chinese, and Dutch cuisines. Signature ingredients such as galangal, tamarind, and shrimp paste feature prominently in dishes like nasi goreng (fried rice), rendang (slow-cooked spiced beef), and gado-gado (vegetable salad with peanut sauce).

Your itinerary has been carefully crafted to introduce you to a range of local dishes, and we hope that you enjoy the culinary adventure ahead. All meals (excluding drinks) are included in our fully inclusive group tours from dinner on the day of your group's arrival until breakfast on your day of departure. When dining in Southeast Asia, although some restaurants have adopted a Western approach to dining, expect some to follow the traditional communal style of eating.

Typically, this will mean each diner has their own small bowl and may serve themselves from a variety of shared dishes. At some local restaurants, appetizers and main courses might be served when they are ready instead of following a particular order.

Determining when it's appropriate to use chopsticks, forks, or spoons can be challenging for some travellers, even other Asians, as each country has different customs. In Indonesia, meals are traditionally eaten with a spoon and fork, with the spoon being the primary utensil and the fork used to help push food onto the spoon. In some regions, particularly in more traditional settings, eating with hands is common, especially when enjoying dishes like nasi padang. Typically, the Indonesian eat most rice based dishes with their right hand and sit on a bamboo mat at a low table.

DEVELOPMENT IN SOUTHEAST ASIA:

Although Southeast Asia is developing quickly, it still lacks the international standards of civil infrastructure and tourist facilities. Concepts of personal responsibility are also different to those in the UK. Consequently, tourist and public facilities may not uphold the same safety standards as in the UK; for example, you may see a hole in the road without a warning sign or safety barricade. All our suppliers meet local safety standards as a minimum. We want you to have an enjoyable holiday, so we ask that you take extra care, use your common sense, refer to notices and follow advice from your guide.

ACCOMMODATION:

Your accommodation is selected for convenience of location, comfort or character, and can range from a business hotel in one city to a family-run guesthouse in a smaller town. In more remote areas, accommodation may be of a lower standard and may not have all Western amenities.

Hotels on our tours are generally rated as local three to four-star standard, but please note that there is no international classification system for hotels and differences in facilities and quality do exist between the UK and Southeast Asia. All group tour hotels have private western bathroom facilities, air conditioning, TV and telephone. Plumbing and electricity supplies can be erratic and quite often the power in hotel rooms is turned off while guests are out of the room. If you experience any difficulty, please speak to your National Escort/Local Guide.

LUGGAGE:

All travellers are limited to two items of luggage each: a suitcase with a maximum weight of 20kg and one piece of hand luggage with a maximum weight of 5kg. It is essential that your luggage is lockable.

TIPPING POLICY:

Tipping while on holiday is common in most parts of the world and Southeast Asia is no exception. However, it is not always clear who it is appropriate to tip and how much. Furthermore, travellers may not have the right amounts of cash available at the right time. To avoid any inconvenience Wendy Wu Tours operates a tipping policy where a stated amount is given to your national escort at the beginning of your tour and tips are disbursed to local guides and drivers throughout your tour. The amount is designed to be at a reasonable level for travellers while being fair to the local people and includes a gratuity for the national escort.

If you are travelling in a smaller group with local guides only, then tipping is paid at each destination. To be fair to the guides we ask for slightly higher amounts per traveller with small groups.

We generally find that most customers appreciate the convenience of our tipping policy but we do recognize that it may not suit everyone. However, as this is a group tour we ask that everyone follows the same protocol to be fair to other group members and to ensure smooth operation of your tour.

TRANSPORT:

Coaches: Coaches with air conditioning are used on our group tours for city sightseeing, short excursions to the countryside and longer transfers where necessary. However, minibuses may be used for smaller groups (under 10 passengers). Roads in Southeast Asia have generally improved over recent years, but traffic and/or weather conditions may extend driving times. Road construction work usually covers an enormous section of road - not just one or two kilometres as you may be used to. For this reason, the timings listed in the itinerary are approximations only.

VACCINATIONS AND YOUR HEALTH:

We recommend that you contact your GP for advice on vaccinations and travel health. Wendy Wu Tours is committed to always providing a safe and healthy environment for all passengers. Please follow the below link for more details on our travel health policy:

<https://www.wendywutours.co.uk/help-and-advice/travel-health/>

ITINERARY CHANGES:

It is our intention to adhere to the day-to-day itinerary as printed; however, the order of events or sightseeing may change as we look to improve our tours or as local conditions dictate; in these circumstances, we will make the best possible arrangements whilst maintaining the integrity of your trip.

AFTER YOUR BOOKING:

Once you have booked with Wendy Wu Tours, you will receive a confirmation invoice including a visa application form (if applicable), and a help sheet. Your final documentation pack will be sent to you approximately 2-3 weeks before departure.
